

Feedback Report from Alumni of SRI GCSR DEGREE COLLEGE

Introduction: The alumni feedback report aims to gather insights and reflections from former students regarding their experiences at **SRI GCSR DEGREE COLLEGE**. This feedback serves to evaluate the institution's impact on their personal, academic, and professional growth, and provides suggestions for future improvements.

Methodology: The feedback was collected through an online survey sent to alumni, focusing on aspects like academic curriculum, extracurricular activities, infrastructure, faculty, and career support. Responses were gathered from graduates spanning the last year.

Key Findings:

1. **Academic Experience:** Alumni generally expressed satisfaction with the academic curriculum. Many noted that the course content was comprehensive and aligned with industry trends. However, a few suggested incorporating more hands-on learning opportunities, internships, and real-world case studies to further bridge the gap between theoretical knowledge and practical application.
2. **Faculty:** Faculty members were widely appreciated for their expertise, mentorship, and approachability. Alumni highlighted the importance of the individualized attention received during their studies. A few respondents suggested more interactive and updated teaching methods, especially in technical and research-based subjects.
3. **Infrastructure and Facilities:** The college's infrastructure, including libraries, labs, and sports facilities, received positive feedback. However, some alumni recommended improvements in technology infrastructure, especially for remote learning and digital tools.
4. **Career Services and Support:** Career counselling and placement support were acknowledged as valuable. Alumni appreciated the efforts made by the placement cell in connecting students with companies. Nevertheless, some felt there could be more industry-specific workshops and internships organized to enhance employability.
5. **Extracurricular Activities:** Many alumni found the extracurricular activities, including cultural events, sports, and clubs, to be integral to their overall development. A few respondents suggested expanding the range of activities to encourage greater participation and skill development.

Suggestions for Improvement:

- Incorporate more practical exposure in academic programs.
- Enhance career guidance services with more personalized workshops and industry interaction.
- Expand alumni networking events to foster stronger connections between current students and graduates.
- Invest in technological infrastructure to support modern learning needs.

Conclusion: Overall, the alumni feedback highlights the positive impact of [College Name] on their academic and professional journeys. While there are areas for improvement, the suggestions provided will help in making necessary adjustments to further enhance the institution's offerings and ensure future students benefit even more.

The college remains committed to continuous development based on the insights provided by its alumni, reinforcing its role in shaping well-rounded, future-ready individuals.

Feedback Report from Parents of SRI GCSR DEGREE COLLEGE

Introduction: The feedback report from parents of students at SGCSRC aims to assess their perceptions of the academic environment, student development, campus facilities, and overall satisfaction with the college. This feedback provides valuable insights into the expectations and concerns of parents, helping the institution improve its offerings and create a better experience for both students and their families.

Methodology: The feedback was collected through an online survey, which included questions regarding academic performance, faculty quality, safety, extracurricular activities, and student welfare services. A diverse group of parents, with children enrolled in various courses, participated in the survey.

Key Findings:

1. **Academic Performance and Curriculum:** Parents expressed overall satisfaction with the academic rigor and quality of the curriculum at SGCSRC. Many appreciated the comprehensive approach to education, blending theory with practical learning. However, a few parents felt that certain courses could benefit from more updated content, especially in fast-evolving fields like technology and business.
2. **Faculty and Teaching Quality:** The faculty members were highly praised for their expertise, dedication, and ability to foster a positive learning environment. Parents noted that faculty-student interactions were frequent, contributing to their child's academic success. Some parents suggested that faculty members could use more modern teaching tools and engage students through interactive sessions.
3. **Safety and Infrastructure:** Parents expressed confidence in the college's commitment to student safety. The campus security and protocols were considered adequate. However, a few parents suggested the installation of more security features like additional lighting in outdoor areas. As for infrastructure, parents were satisfied with the quality of classrooms, libraries, and laboratories, although some raised concerns about the availability of sufficient study spaces and better Wi-Fi coverage across campus.
4. **Extracurricular Activities and Student Development:** Parents were generally pleased with the variety of extracurricular activities offered, recognizing their importance in developing well-rounded students. Many parents emphasized the role of sports, cultural events, and clubs in enhancing social and leadership skills. However, a few parents requested more career-oriented workshops and internships to prepare students for the workforce.
5. **Student Support and Welfare Services:** The college's support services, including counselling, career guidance, and health services, were well-received. Parents appreciated the accessibility and responsiveness of the counselling team. However, some parents suggested more focus on mental health resources and regular workshops addressing student stress, time management, and career planning.

Suggestions for Improvement:

- Incorporate more updated and industry-relevant content into the curriculum.
- Utilize modern teaching tools and increase the use of interactive learning methods.
- Enhance campus security, with additional safety features such as better lighting in certain areas.
- Increase the availability of study spaces and improve Wi-Fi coverage across campus.
- Provide more career-focused workshops, internships, and skill-building sessions to prepare students for professional success.

Vizianagaram Dist.

- Strengthen mental health and counselling services to support student well-being.

Conclusion: The feedback from parents reflects a high level of satisfaction with the overall academic environment at SGCSRC, Parents particularly value the quality of faculty, student safety, and the variety of extracurricular opportunities. While there are areas for improvement, particularly in curriculum updates, infrastructure, and career preparation, the suggestions provided will guide the college in making targeted improvements to enhance the student experience.

SRI GCSR DEGREE COLLEGE remains committed to fostering an environment that supports both academic excellence and student well-being, ensuring a holistic experience for all students.

Feedback Report from Students of SRI GCSR DEGREE COLLEGE

Introduction: The feedback report from current students of SGCSRC aims to assess their academic experience, campus facilities, faculty performance, and overall satisfaction. The feedback gathered through surveys helps identify areas of strength and areas that need improvement, contributing to the college's efforts for continuous enhancement.

Methodology: The feedback was collected from a representative sample of students from various courses and years, using an online questionnaire. The survey covered several areas, including academic curriculum, teaching quality, infrastructure, student services, and extracurricular activities.

Key Findings:

1. **Academic Curriculum:** The majority of students expressed satisfaction with the academic curriculum, appreciating its relevance to current trends and industry demands. However, some students felt that certain courses could benefit from more practical, hands-on learning experiences, and others requested the inclusion of updated topics, particularly in emerging fields like AI, data science, and sustainability.
2. **Faculty:** Faculty members were generally praised for their knowledge, approachability, and enthusiasm. Many students appreciated the interactive teaching methods and personalized attention. However, a few students suggested that some faculty members could improve the clarity of their communication and the use of modern teaching tools like multimedia presentations.
3. **Infrastructure and Facilities:** The college's infrastructure, including classrooms, laboratories, and libraries, received positive feedback for being well-maintained and conducive to learning. However, students raised concerns about the need for more computer labs and better Wi-Fi connectivity across campus. A few students also suggested expanding the availability of quiet study spaces.
4. **Extracurricular Activities:** Students highlighted the vibrant campus life, with active participation in cultural events, sports, and clubs. Many appreciated the variety of extracurricular activities offered, which they felt helped in their personal growth. However, some students recommended more student-driven events and workshops focused on skill development, leadership, and career readiness.
5. **Student Services:** The student support services, including counseling, health services, and career guidance, were well-received. Students particularly appreciated the responsiveness of the counseling team. However, some students requested more frequent career fairs and internship opportunities to aid in their job search process.

Suggestions for Improvement:

- Integrate more practical learning experiences into the curriculum, such as internships, fieldwork, and live projects.
- Improve Wi-Fi connectivity and provide more computer labs across campus.
- Enhance the availability of quiet study spaces and collaborative zones.
- Organize more skill-building workshops and networking opportunities for career development.
- Increase the number of student-led events and workshops to encourage peer learning and leadership.

Conclusion: The feedback indicates that students are generally satisfied with their experience at [College Name], with a strong emphasis on academic quality, faculty support, and
